RESPONSE

Assistant Commissioner of Patents
Washington, D.C. 20231

Sir:

This paper is responsive to the Office Action mailed on April 27, 1999. Please amend the application in the following particulars.

IN THE CLAIMS:

Please cancel claims 1-4 without prejudice.

21 2. (Amended) The seat sliding apparatus according to Claim [2], wherein said slide hole in said at least one substrate between the first and second substrates is oriented in the direction of a line connecting said axis fixing pin of said operation lever to said axis fixing pin of said memory bracket; and

said slide hole in said memory bracket is oriented on a slant relative to said line so that said memory holding pin can be moved to an unlocked side of said slide hole in said at least one
